Presented by Mary Whitmore and Bill Aten

The HS-MASS series focuses on providing teachers with instructional strategies that help students interpret data. Interpreting charts, graphs, tables and diagrams is an **important** part of mathematics, of course, but it so happens that it is also a very **important** part of the Science ACT. So, this is an **important** workshop with — you guessed it — **important** content.

We are eager to work with teachers. **There is no cost to attend the workshop, and sub costs are reimbursed for each session for any teacher who attends both sessions.** (*Note: Sub costs for teachers who attend only one session will not be reimbursed.*)

**The math and science sessions will run simultaneously.
For more info, please see the back of this flyer.**

**November 7th and 28th
12:30-3:30 p.m. ~ snacks provided
Sprinkler Lake Education Center**

Registration Deadline: November 1, 2007

****On-line Registration****

**Register on-line at www.amaesd.k12.mi.us.
Click on the Registration link and follow the directions.**

**Free for AMA ESD and Iosco RESA educators. Educators outside the AMA ESD and the Iosco RESA will be charged a \$10 registration fee.
A \$10 cancellation fee will be charged if the ESD is not notified of a cancellation within 24 hours of the session.*
